

## How To Get Full Text Articles (WSU Users Only)

### Get an Article through Database Searching

Most of the databases to which Wayne State University Library System (WSULS) subscribes have a link resolver installed, called "**360 Link to Full Text**". When you click this link, a new screen will open, indicating if the electronic full-text article is available, or if the article needs to be ordered.

Steps to get a full text journal article via the **360 Link to Full Text** link resolver:

1. Search a database (e.g. PubMed@Wayne) and find citation(s) related to your research
2. Click the link resolver button  on the upper right corner of each citation (see screenshot below) to determine if WSULS subscribes to the electronic version of this journal.

Davies, Justine J (10/30/2009). "Swine flu vaccines: reaching the finish line". *Cell (Cambridge)* (0092-8674), 139 (3), p. 449.  
PMID: 19879829 DOI: 10.1016/j.cell.2009.10.018

**Article is available from the ARTICLE or JOURNAL Links below:**

Coverage Range	Links to Article	Resource
1998 - present	<a href="#">Article</a> <a href="#">Journal</a>	<a href="#">ScienceDirect</a>
01/01/1974 - present	<a href="#">Article</a> <a href="#">Journal</a>	<a href="#">Cell Press</a>

4. If the article is not available electronically, you can click the link that says "**Request Digital Delivery of article if NOT available from INSTANT ACCESS area above.** (See screenshot below)" This will initiate an order for the full text article to be delivered to you electronically through ArticleReach. Follow the on-screen instructions to send your

request. You will receive an email notification when the article is available for you to view or print from your WSU Library Account [library.wayne.edu/patroninfo](http://library.wayne.edu/patroninfo).

The screenshot shows the Wayne State University Library website. The header includes the university name and navigation links for University Libraries, NEEP Law, and Shiffman Medical. A search bar on the left lists resources like All Resources, Catalog, Article Databases, Digital Collections, E-Books, E-Journals, and Guides. The main content area displays search criteria for an article by Saxena, Shailendra K SK (10/2009) from *Future microbiology*. It indicates that no full-text online holdings were found and provides options for digital delivery, interlibrary loan, or checking the print catalog.

### Get an Article through Citation Linker

If you have specific article citation information, the Shiffman Medical Library staff can order the full-text article for you and send you an email notification when the article is ready for you to view or print.

### Steps to Order Articles through Citation Linker using ArticleReach:

1. Click the “**ONLINE JOURNALS**” link on the Shiffman Medical Library website and then click the “[Citation Linker](#)” (see screenshot below)

The screenshot shows the Shiffman Medical Library website. The header includes the university name and navigation links for University Libraries, NEEP Law, and Shiffman Medical. The left sidebar lists resources like Resources, Services, and Library Info. The main content area features a search bar with the text "for the titles of online journals to which we have access, by name or subject". Below the search bar is a dropdown menu labeled "Title begins with" and a "Search" button. A link to "Citation Linker" is also visible.

2. Enter the citation information into [Citation Linker](#) to see whether WSU has a copy of the article. Make the request through ArticleReach (see below)
